

HAVE YOU EVER WONDERED WHAT **WAR** LOOKS LIKE TODAY?

**TODAY, WAR IS NO LONGER FOUGHT ON THE BATTLEFIELD, IT IS FOUGHT IN OUR MINDS.
THE ENEMY'S BULLETS ARE NO LONGER GUNPOWDER... IT'S INFORMATION.**

AND THE TARGET IS ALL OF US

Anti-state forces have reached to our very doorsteps. The enemy is hiding behind the veil of technology and the internet. He looks for weak moments, unemployed youth, and needy families. Then he lays dreams before them, a good job, quick wealth, foreign travel. Sometimes disguised as a reporter, sometimes as an NGO worker or a freelancer, he extracts sensitive information out of them that bring unrest, fear, and chaos to our streets. They make us stand against our own soil. Whoever accesses your information, reaches your very essence. He puts your pictures, your identity, and your phone, everything at risk.

So Remember!

→ **NEVER SHARE ANY SENSITIVE INFORMATION WITH A STRANGER.** →

→ **IF YOU RECEIVE A SUSPICIOUS CALL, MESSAGE OR NOTICE A SUSPICIOUS OBJECT, REPORT IT IMMEDIATELY** →

→ **KEEP SENSITIVE INFORMATION STRICTLY TO YOUR ORGANIZATION ONLY**

Because every word, every click, every image is either safety or threat. **The choice is in your hands.**
